IN THE SERVICE OF OUR COUNTRY

FRANK STOPFER.

Co. M, 51st Pioneer Inf. Camp Wadsworth, S. C. Residence on Delaware avenue, this city.

Corporal Chester Britt Rifenburg of Co. L, 310th Inf. Camp Dix, N. J., was appointed a sergeant on March 13.

Sergeant W. S. Vele, of Camp Upton, is spending a five day furlough at the home of Frank Strobel at 108 McEntee street.

Miss Mayme Van Demark of 753 Broadway, has received a letter from her cousin, First Class Private Lester Ellsworth, of the 10th Field Hospital, 27th Division, Camp Wadsworth, Spartanburg, S. C., saying that he is in the best of health and is preparing to go "over there."

Justin Bell, of West Shokan, now stationed at Camp Dix, who came home on a 36 hour pass was taken seriously ill with grip and threatened with pneumonia, also suffering severe pain in his head and back as the result of injury received some time ago. He has so far recovered as to return to camp Thursday last. His many friends fear a relapse as he was not fully recovered, but he is very patriotic and realizing his duty said he must return. He is a highly respected young man always ready to do a kindness for any one and has the best wishes of his relatives and friends. He would be glad to hear from any of his friends. His present address is Private Justin Bell, Co. A, 308th Machine Gun Bn. Camp Dix, N. J.

CONNELLY THEATER ORDINANCE VETOED

Mayor Canfield Has Filed Veto of Dr. Connelly's Theater License Ordinance Passed by City Fathers at Last Meeting.

Mayor Canfield has again vetoed Dr. W. H. Connelly's theater license ordinance which was repassed at the last meeting of the city fathers early in March after a lengthy discussion. The mayor has filed his veto with City Clerk Cummings and it will be brought up at the April meeting of the city fathers.

It will be remembered that Dr. Connelly's ordinance was unanimously adopted at the February meeting of the city fathers, but was later vetoed by Mayor Canfield on the ground of some clerical errors in the date.

At the March meeting of the common council City Clerk Doremus read the veto of the mayor. Dr. Connelly who was present at the meeting moved that the clerk correct the clerical errors which was done and then the alderman from the Eleventh ward offered the ordinance for repassage and after considerable debate it was passed by a majority vote only three aldermen voting against its repassage and they were Aldermen Preston, Roosa and Powell.

Indications seem to point to the fact that there will be something doing at the April meeting of the city fathers when the mayor's second veto is called to the attention of the city fathers.

FIRST COMMISSION FOR DRAFTED MAN

LIEUT. R. FREDERICK CHIDSEY.

Commissioned after graduating from Engineers' Reserve Corps Officers' Training School at Camp Lee, Va., Lieutenant Chidsey is the first Ulster county soldier, either drafted or volunteer, to rise from the ranks to a commission since the war began.

WAWARISING SOLDIER DIED IN TEXAS

Funeral of Frank A. McClay Held in His Home Town—Was Taken to Hospital on Arrival in Texas.

Ellenville, March 20.—Frank A. McClay, son of William McClay and Anna Gibson, his wife, died at Fort Sam Houston, Texas, of cerebrospinal meningitis on March 13, at the age of 19 years. Young McClay enlisted in the Aviation Corps on January 30, 1918, and was at Fort Slocum in training until leaving for Texas. On his arrival at Fort Sam Houston he was taken from the train to the hospital at Sam Houston, where the end came. His body, accompanied by a brother soldier, Emil Eiben, reached Ellenville on Monday and was taken charge of by Undertakers John A. Rosch of Ellenville and was taken to his home at Wawarsing, where a military funeral was held at the chapel of that town this afternoon at 2 o'clock. There were 14 soldiers from Kingston; a firing squad of 8 and 6 honorary pall bearers, in charge of Captain Fowler of Kingston.

This death marks the first one from the town of Wawarsing of the boys in the country's service. Surviving are the father and mother, four brothers and three sisters; Alex, somewhere in France; William, Jr., of Ellenville; Samuel and Edward of Wawarsing; Alida, Nellie and Emma. The burial was in the Pantlackkill cemetery, Ellenville.

NEXT MOVE IN LOCAL OPTION FIGHT

It is Up to the Person Who Objects to the Petition Calling for a Special Election and Must Be Taken to the Court.

The next move in the local option fight is up to the objectors to the petition for a special local option election, and must be taken before the courts. As stated in The Freeman already, the court proceedings probably will be taken before Judge Jenkins.

When the court proceedings will not be known until the return home of Frank W. Brooks, attorney for John P. Irwin who filed the objections. Mr. Brooks has been in New York city on Tuesday and today on important legal business. The proceedings must be started soon.

The object of filing objections is to lay the foundation for the subsequent proceedings in court, and the liquor law states the grounds on which objection to the petition may be made. These include, among other grounds that the petition contains an insufficient number of signatures, that the signatures were not obtained in the manner prescribed by law, that they are not genuine, and numerous other grounds. All the grounds stated may be invoked to prove that the number of signatures is not the number required by law in order to hold a special election, the object of the law being to prevent fraud through which, if it were allowed, huge additional expense could be added on the taxpayers of any community. The objections filed by Mr. Brooks are drawn practically in the language of the law and are sufficiently comprehensive to allow of proof of varied character. It is up to the objector to prove his case, the petition on its face, if it contains sufficient signatures, being sufficient for the special election.

WOUND CLEANING OR HOUSE CLEANING

While for a short time the women of Kingston were spurred to their duty in the way of assisting in the making of surgical dressings at St. Mary's hall and the D. A. R. Chapter House, the enthusiasm has for the most part been short lived. "House cleaning" is given as one reason why the workers have had less time to devote to the Red Cross work. Now, house cleaning, as distinguished from keeping one's house clean, is a custom, and like all customs which continue to be observed, was founded on a need. The accumulation of dust of summer or spring was considered unhealthy to live in and the thrifty housekeeper saw to it that no germ was left to do damage in the home. Today an even more serious and urgent need has arisen for this protective work of our women. It is the making of surgical dressings which are the "house cleaners" that may save the lives of countless of our brothers, sons, husbands, as well as the men of the allied armies, fighting for us at the front. We know now, that as we live daily there is practically no harm to come to any family from spreading out over a few more days, of the regular spring house cleaning of the home. But who dares to say what danger, death, or even worse, life-long physical injury awaits any man wounded as men are wounded in this world war, if there is not at hand immediately all the surgical dressings necessary to give him proper care.

Today our men are giving their lives for their women and children as never before. Will our women do as much to save the lives of their men? The question may be answered daily at either the D. A. R. Chapter House or St. Mary's Hall.

Classes in Surgical Dressings. Next Monday, March 25th, there will be started classes in surgical dressings work, under the supervision of the Ulster County Chapter of the Red Cross. These classes will be held at the Y. M. C. A., the morning classes being called promptly at 9:30 and the afternoon classes at 2. The course of instruction covers eight days' work, and Miss Waterman and Miss DuBois of New York both very highly recommended by the New York office of the Red Cross, will be in charge. Any woman in the city or connected with any auxiliary or branch of the Ulster County Chapter may join these classes for a very nominal sum. When one has passed the examination which really means has done the necessary work satisfactorily, in a specified time, they are then qualified to act as recognized instructors in surgical dressings work. They are then permitted to wear the Red Cross apron, etc. As there is an ever increasing demand for the surgical dressings and the work is growing in magnitude daily, the need of such instructors is great and it is hoped that these classes will be filled to their capacity. All who wish to take the course from these experienced and trained women should at once send in their names to Red Cross Headquarters, Telephone 1830.

Ice cream and cake, 10 cents extra. These annual suppers given by the men are great events and well worth attending. Be sure and come and invite your friends if you want to enjoy a good supper and spend a social hour.

Mrs. Cyrus Gillespie has been ill with the grip.

ELLENVILLE

Ellenville, March 20.—The patriotic service at the Reformed Church on Sunday was very impressive, as it closed the union services that have been held during the past two months. The services have all been an inspiration to the large congregations that have assembled each Sunday. The services both morning and evening on Sunday will be a lasting memory. At the morning service parents of the boys who are engaged in their country's service were the guests of honor. The large American flag across the chancel rail, while above it was the Stars and Stripes on one side, the Red Cross on the other, while on either side below the pulpit were the allies' flags, surrounding the American flag, while a vase of red and white carnations occupied a place on a stand inside the altar rail. The pastors of the three churches occupied the seats behind the pulpit. Rev. Walter S. Maines, pastor, presided. After the singing of the first hymn, Scripture reading and prayer by Rev. H. G. Corleis, of the Lutheran Church, Miss Ella DeVany, on behalf of the girls of the church, came to the front of the church and unrolled a beautiful silk service flag containing fifteen stars, and in a very fitting speech presented the flag to the church. Mr. Eugene Clark, one of the elders, accepted the flag, and the choir and congregation arose in a body and heartily sang "The Star Spangled Banner." This was followed by a beautiful duet contributed by the Misses Taylor, who sang in fine voice. During offertory the choir rendered an anthem entitled "America," which is said by many to have been one of the best ever rendered by the choir, ably assisted by an orchestra of several pieces. The pastors each in turn read the names of the boys in service from their church. The sermon, which was delivered by Rev. J. E. Apple, of the M. E. Church, was one of the best patriotic sermons. He based his remarks on text chosen from Rev. 12, part of tenth verse. It was considered by all attending to have been a very able, stirring, patriotic address. The service closed by singing "America" and the benediction. At the evening service, Rev. M. G. Corleis delivered a very excellent sermon from the words as recorded in John, "Our sorrow shall be turned into joy." Mrs. Corleis rendered a very beautiful solo, "Day is Dying in the West." Rev. Dr. Conant was also present and offered the evening prayer. The entire service was enjoyed by the large congregation. This service concluded the union services. On Sunday next each pastor will occupy his own pulpit.

The Pioneers celebrated the 61st anniversary of their organization at their parlors in Norbury Hall Monday evening. There was a large attendance of the members, their families and friends. It was regretted that the only charter member, Oliver A. Campbell, of Brooklyn, could not be present on this occasion. It was a happy affair and one of the best notwithstanding the serious war conditions at this time. Gray's orchestra furnished the music, which was enjoyed by all alike. There were speeches delivered by different members of the organization. A buffet luncheon was served and altogether a profitable as well as pleasant evening spent together.

The Lenten service of the Lutheran Church will be held at the home of Joseph Keib on Chapel street, Wednesday evening, at 7:30. Confirmation will take place at the church on Sunday next.

The Reformed Church prayer service will be held at the home of Mr. and Mrs. W. D. Hoornbeek on Canal street Wednesday evening at 7:45, and Mrs. R. T. Cookingham will entertain the ladies of the Reformed Society at her home on South Main street Thursday afternoon.

The M. E. Church prayer service will be held in the class room of the church on Wednesday evening at 7:45 o'clock.

Supremacy in Air Disputed. Man is not to be undisputed lord of the upper air. Enemy birds armed with formidable beaks and talons are ready to oppose the soaring ambition of the sky-pilot, or a swarm of smaller seabirds and scavengers, menacing by reason of their numbers, are liable to over-zeal him, as the Lilliputians did Gulliver.

"LICK HER" WAS BRINNIE'S ADVICE

Mrs. Horace Ellsworth of Newkirk Avenue Was Summoned to Court Today on Complaint of Mrs. Levy and Wordy Battle Followed.

The other day when Mrs. Levy of Newkirk Avenue came home she found her three year old son bleeding from the mouth and the house looking like a slaughter house. She found that her boy had been hit in the mouth with a broken glass thrown by the nine year old son of Horace Ellsworth of 110 Newkirk Avenue. She went over to the Ellsworth house and the reception she said she met her to calling at the city hall Tuesday morning and seeing Acting Judge Shufeldt.

Her visit led to the summoning to court today of Mrs. Ellsworth and her son. Mrs. Ellsworth appeared, accompanied by her husband and William D. Brinnier, corporation counsel of the city, who she had retained.

Judge Shufeldt informed Mrs. Ellsworth that she was not under arrest, but had simply been notified to appear so that he could give her some advice.

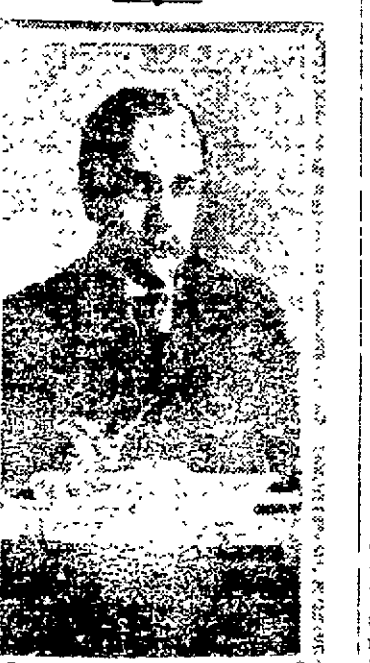

Mrs. Levy told her side of the attack and Mrs. Ellsworth told her side. A wordy war followed.

Judge Shufeldt after hearing both sides informed Mrs. Ellsworth that she must make her children behave. Mr. Brinnier was of the opinion that the same advice should be given to Mrs. Levy. He also advised Mrs. Ellsworth that hereafter if Mrs. Levy sought to make trouble that his advice would be to "lick her." He said that while Mrs. Levy might be bigger than Mrs. Ellsworth physically still he thought that Mrs. Ellsworth ought to be able to hold up her end of the fight.

MEN DECIDE TO SELL TABERNACLE

Big Building Was Retained After Revival Meetings for Which It Was Built Had Closed In Hope That It Would Be Useful.

At a meeting of the men comprising the Kingston Tabernacle Association held at the Y. M. C. A. on Tuesday it was decided to dispose of the Tabernacle building. The Tabernacle was built in the fall of 1916 for the specific purpose of holding a series of six weeks' evangelistic meetings during the winter of 1917. These meetings were conducted by Rev. Luther K. Peacock and his party and were very largely attended and a success in every respect. After the meetings ended the Tabernacle was maintained and a number of meetings for various purposes were held there last spring and fall. The large seating capacity of the building with its large platform made the building very desirable for holding large meetings and as many as twenty-five hundred people have attended meetings held there. It was hoped that if Kingston was to have a public market, the Tabernacle might be used for such purpose but nothing has been done toward securing a market and owing to the unsettled conditions prevailing at the present time it was thought best to dispose of the building which contains over fifty thousand feet of good lumber suitable for building purposes as will be seen by an advertisement in another column of The Freeman.

M. KAMENOFF, FORMER MEMBER OF THE EXECUTIVE COMMITTEE OF THE SOVIET REPUBLICS, HAS BEEN APPOINTED AMBASSADOR TO FRANCE BY THE BOLSHEVIST GOVERNMENT. THE PHOTO WAS TAKEN IN LONDON, WHILE THE NEW AMBASSADOR WAS EN ROUTE TO PARIS.

MY CHANCE.

By WILLIAM F. KIRK.
How glad I am that Uncle Sam has called on me at last! To think that he has come to me when skies are overcast! How often have I longed to aid The boys who marched away To fight for me across the sea And break the tyrant's sway!

Oh, what is gold that we should hold Our little purse strings now? Oh, what is gain if all in vain We learned each Yankee row? All that I have, all that I am, Is yours in part or whole. And you may take it, Uncle Sam, With all my heart and soul!

TO WEAR GINGHAM CONTRIBUTIONS TO K. OF C. WAR FUND

Fabric Is Worked Into Numerous Handsome Frocks.

Silk Material Is One of the Newest Favorites, Shown in Really Beautiful Plaids and Colorings.

There is no possible doubt as to whether or not gingham will be again worn by smartly dressed women. Last summer this fabric, which has been for many years generally regarded as belonging almost exclusively to children, came into prominence as a favorite for dainty frocks for their mothers. Makers of ready-to-wear garments devoted so much skill to turning out smart frocks of gingham that they very shortly were lifted high out of the economy class. Gingham dresses costing from \$35 to \$50 and \$60 each were shown in the shops without preliminary apology. Women bought them.

Gingham is again exhibited and southern resort dresses of it are being shown. That its popularity will continue throughout the summer there is no reason to doubt. Silk gingham is the newest favorite, and it is shown in really beautiful plaids and colorings. A silk gingham frock may be just as dressy as one of tulle, satin, crepe or georgette, and much more of a novelty, states a fashion writer. A modish little frock is of Scotch plaid silk gingham, made with a triple tunic. That is, the underneath skirt, which is very narrow, measuring only about one and a half yards at the hem, is topped by two deep flounces or tunics gathered in a simple straight belt at the waistline. This dainty frock buttons simply in the center back, and the neck is finished with a collar made of sheer white organdie, which is crossed surplice fashion and drawn to the back, where the ends are tied at the waistline. Cuffs of organdie finish the sleeves.

This gown could be made up in linen, in any one of the silks that are popular for spring and summer, or it could be a more distinctly summery affair of dotted Swiss or voile.

Economy will undoubtedly enter largely into the selection of fabrics, but style numbers have not been reduced.

Tunics are very much favored in order that skirts may not seem unbearably skimpy. Loose flying panels and apron effects are also in evidence.

The vogue for simply designed clothes is traceable directly to the influence of the war. More and more women are becoming really useful members of society, and as this condition grows clothes that are practical as well as becoming and beautiful will have an increased demand.

SMART COAT IN TWO COLORS

The story of this coat is brief but full of interest, for no garment could be more characteristic of the new season. It is simple and full of style, with wide collar of contrasting cloth, large cuffs piped with the lighter color, and belt stitched with silk to match the collar and piping. Notice that the collar is high at the back and that buttons in two sizes mark the coat as well finished.

LINGERIE FOR THE KIDDIES

Tiny Bow of Pink or Blue Not Out of Place, But All White for Little Girls Is Best Taste.

Lingerie for the little girl is truly as dainty as that for her mother. But it is never so elaborate. The child is allowed any amount of fine tucks, hemstitching, hand embroidery and dainty machine needlework and Valenciennes lace and Irish thread lace in moderation.

Her undergarments must never be elaborate in appearance, although they may be as sheer and exquisite as their unadorned desirer. Neither must they show any color. They seldom have ribbons and when they do these are of white. A tiny bow of palest pink or blue would not be actually out of place, but the all-white lingerie for the little girl is the best taste.

Patriotic Beads.

The national colors are used in a good many of the accessories of woman's dress, and effectively used, too. One of these is a handbag made of red, white and blue beads arranged in horizontal stripes. The bag draws up at the top with a drawstring consisting of a band of beads. There is a matching belt of beads.

All Can Do a Little.

We all live in a world which is full of ignorance and misery, and the plain duty of each and all of us is to try to make the little corner he can influence somewhat less ignorant, somewhat less miserable than it was before he entered it.—Huxley.

RETURNS FROM FRANCE TO RECRUIT STEVEDORES

Colonel William G. Austin, in command of a regiment of sevedores in France, has returned for recruits. Colonel Austin says that at least two additional regiments of sevedores are needed in Europe at once. He promises that men who answer the call for volunteers will be shipped to France immediately. Colonel Austin was formerly chief of police at Savannah, Ga.

AVOID DAMPNESS IN HOUSES

Dark Buildings, Lacking Direct Sunlight, Are Conducive to Disease—Clean Them Up.

Damp houses, especially if dark and lacking direct sunlight, moldy litter, and filthy nests and roosts are conducive to disease. Chicken pox, diphtheria, and other diseases are spread by a good breeding place under such conditions. Clean up, and "let a little sunshine in."

Practical Soul.
"So you have been to the mysterious Orient," said the impressionable young woman, "that vast region without with a strange life, gray with the dust of centuries, and brooded over by the spirit of the past?" "Why—yes," replied the practical man, who went abroad strictly on business. "Do tell me what you found there?" "The worst hotels on the face of the earth."—Birmingham Age-Herald.

"Congressman Trebble writes that he is my representative and wants to serve me," said Mr. Durbwille. "What are you going to ask for?" "Nothing. The last time I visited Washington, with the fond expectation of hobnobbing with the great, he turned me over to his secretary, and the most important person I met was a hotel doorman."—Birmingham Age-Herald.

Evergreen Dress for Statuettes.
Chinese gardeners sometimes plant statuettes of tiny men firmly in pots, just like real plants, and then train live evergreens to grow up over these statuettes. The vines thus form a kind of robe for the statuettes, their white faces and hands protruding from the green leaves.

Women Gain on Men.
Professor Phillips of Amherst college believes that the American women of today are physically much finer and stronger than the women of yesterday, and that if the women continue their physical improvement in the succeeding generations as much as they have in the last generation, it will not be many centuries of when the American women will be as physical equal and fit as the American men.

GREATEST OF FEATHERWEIGHT FIGHTERS

Terry McGovern, one-time world's champion featherweight and considered by many the greatest little fighter that ever lived, died in the Klug's County hospital, Brooklyn, N. Y. He won the featherweight title from George Dixon in 1900 and a year later lost it in his memorable bout with Young Corbett. McGovern was thirty-nine years old. In his career he amassed and spent a fortune of \$200,000.

TOP SLEEPING BERTHS WORKED BY RELAYS

Joe Cantillon of the Minneapolis Millers says he has no patience with ball players who kick on being assigned to upper berths or even doubling up in them. "Why we used to triple in uppers," says Joe.

Someone expressed doubt as to that and then Joe explained the "system."

"We worked it by relays," he said. "Two hours in bed and two hours on watch. At the end of two hours, the man on the inside of the berth had to get out, the man on the outside moved over and the man who had been sitting up on watch climbed in."

Cantillon sticks to it and defies any historian to disprove his story.

PRIVATE TRACK FOR HIS THOROUGHBREDS

William Sherpe Kilmer, capitalist and a sportsman of international reputation, has a private racetrack at his beautiful estate at Binghamton, N. Y. Mr. Kilmer, who is the owner of the Binghamton Press, has several high-class thoroughbreds in his stables, including Sun Brier, the champion two-year-old of 1917. Sun Brier is named after Mr. Kilmer's estate Sun Brier Court.

HUGGINS HID FROM CYCLONE

Stay on Top Floor of Ricketty Old Hotel When Subtropical Storm Hits Hostelry.

Several years ago, when Miller Huggins first managed the St. Louis Cardinals, a cyclone hit Columbus, Ga., where the National leaguers were in training. The Cards were billeted in a ricketty old hotel that threatened to go to pieces before the tremendous attack of the elements. As the building rocked in the cyclone Lee Magee, Steve Evans, "Red" Oakes and a number of other players rushed down several flights of stairs to the hotel lobby.

When the storm had passed—it blew the roof from the hotel—the players were returning upstairs when they met Huggins.

"Where was you?" asked Steve Evans.

"Hiding in the clothes closet," replied Huggins.

He had stayed on the top floor during the entire subtropical storm.

Spencer May Not Return. Report comes from Santa Clara, Cal., where Catcher Ed Spencer of Detroit is acting coach of the college team, that he has about decided to stay on the coast this season. Spencer is quoted as saying he would like to have the management of one of the independent teams playing in California and that if he gets it he will quit the Tigers.

Just a Greeting. Sister was taught not to ask for anything to eat when visiting. One day while calling on a neighbor she saw a dish filled with tempting candies. She looked at it longingly, then said: "Hello, candy."

Sheet-Metal Work Old. Sheet-metal work is one of the oldest trades known to man. Ancient Egyptians, Babylonians, the Asiatic races and even the American Indians were engaged in this trade.

INTERESTING SPORT PARAGRAPHS

Soldiers at Leavenworth camp boast a crack tennis squad.

Five De Pauw captains have enlisted in the national service.

El Jager, once a White Sox, has been sold by Los Angeles to St. Paul.

Minneapolis (association) club will not slash salaries of ball players next season.

Charles A. Rademacher will return to coach St. Louis university football eleven.

Ed Eberfield still is in baseball. He manages the Little Rock club of the Southern association.

Ed Barrow, new manager of the Red Sox, is credited with having developed Honus Wagner.

Harry Hellman, Detroit baseball star, is casting longing glances at the Marine corps and may enlist.

We have it on good authority that Jawn Evers will have a prominent chin in the American League race.

Chick Gandil of the White Sox has been picked in Class V. of the draft. He is married and also has a bum knee.

Edward Muligan, who had a trial with the Cubs, will soon be doing duty for Lucie Smith at camp Dunston, Kas.

George Dument, Washington Nationals' pitcher, has been placed in class 1 and will soon be at Camp Dodge, Iowa.

Dario Resta will be in the racing game again this year, it was announced recently. He will drive a car of his own design.

The decision of the Mount Royal club and the Montreal Kennel to unite will give Montreal one of the largest kennels in Canada.

Jack Slattery, former big-league ball player and for the past three years coach at Tufts college, has been appointed scout coach for the Boston Braves.

Dan Tipton and Cliff Markle, two young pitchers whose performance failed to come up to early promise have been released by the Yankees to the St. Paul club of the American association.

A fund of \$5,500 has been raised by contributions from Harvard athletes and graduates for buying footballs to be sent to Europe. A thousand pigskins will be sent over, 500 of them being already on the way.

After being rejected because of a damaged knee, Fred Langhoff, former Marquette university football star, underwent an operation to remedy the fault and now intends to join the aviation service.

When Hans Lobert gets through with his job at the Havana race track, at the close of the racing season, he's coming back to report for work as coach of the baseball team at West Point.

Island Stanford and University of California will meet in dual basketball, track sports, baseball, tennis, boxing and wrestling events this season. On account of the war rowing has been abandoned temporarily.

Promoter Baker, of Australia, has cut the championship boxing bouts from 20 to 10 rounds and gives championship belts to the winners in the flyweight, bantamweight, featherweight, lightweight and welterweight classes. The holder must win the belt three times for it to become his property.

Rigoletto's song that won Stracciari fame

The climax of Stracciari's triumphant debuts in both New York and Chicago was his dramatic singing of *Cortigiani vil razza dannata*. And this is the song he has now recorded as his Columbia masterpiece. A wonderful record, reproducing the world-famous baritone's art at its best.

Oscar Seagle sings "The Beautiful Isle of Somewhere"

It has been well said of Oscar Seagle that he always "sings from the heart." And never has he proved it better than in this beautiful and sympathetic recording of McKinley's favorite hymn. On the back, "Ten Thousand Times Ten Thousand."

A2487—\$1.00

Casals' exquisite 'cello record of "Spring Song"

Acknowledged by musical critics as the greatest living 'cellist, Casals has won even wider popularity through the radiant beauty of his Columbia Records. His interpretation of Mendelssohn's "Spring Song" is an amazing revelation of the 'cello's musical possibilities.

A6020—\$1.50

"Tom, Dick, Harry and Jack, hurry back!"

A corking patriotic song hit that will surely appeal to "the girls they left behind them." Coupled, appropriately enough, with another lively, timely popular air, "I'll Come Back to You When It's All Over." Both sung by Arthur Fields, the soldier baritone.

Differing Views on Marriage. When a marriage is announced the bride's women friend says: "I wonder why they waited so long. She was getting old and crabbed." And the groom's man friends say: "Why did the blamed fool marry so early for? He'll lose the best years of his life!"—Kansas City Star.

Mothers! Don't Give Children Nauseous Medicine for Colds

Local Druggists Are Offering an "Outside" Treatment on 30 Days' Trial

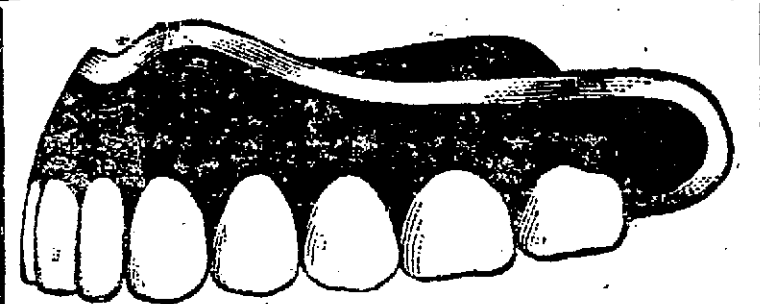

Children's Stomachs Are Delicate—Easily Upset by Constant Internal Dosing. The Best Way To Prevent Colds Is To Allow the Children Regular Out-Door Exercise—Keep Plenty of Fresh Air in the Bedroom at Night, and, at the First Sign of Trouble, Apply the Southern External Vapor Treatment.

Fifteen years ago a North Carolina druggist discovered a process of combining the old-fashioned remedies, Camphor, Turpentine and Menthol, with certain volatile oils, in saline form, so that when applied over the throat and chest the body heat would release these ingredients in the form of vapors. These vapors, breathed in at night long, carry the medication

with each breath, to the air passages and lungs. In addition, the preparation is absorbed through and stimulates the skin, taking out that tightness and soreness in the chest.

Today this treatment, known as Vick's VapoRub, is universally used throughout the south in preference to internal dosing. By arrangement with the manufacturers the local druggists are offering 25c jars on 30 days' trial, the purchase price to be refunded if you are not delighted with the results.

You have to try VapoRub to realize its remarkable effect, not only for deep chest colds, sore throat, bronchitis or incipient pneumonia, but for head colds, asthmatic or catarrhal troubles. Croup is usually relieved within fifteen minutes and an application at bedtime prevents a night attack. VapoRub is particularly recommended to mothers with small children as it is externally applied and can therefore be used freely and often with perfect safety on the smallest member of the family. Painless Dentistry

The difference between painless and painful dentistry depends upon the carefulness and skillfulness of the operator. With good instruments, fresh medicines, local anaesthetics and nitrous oxide gas a careful and skillful dentist can perform all operations painlessly, even to the extraction of teeth.

Painless methods, earnest endeavor and reasonable prices have in thirty years, made the Cady Dental Corporation the largest dental organization in New York state.

HUDSON RIVER ICE IS WASTING FAST

Ice in This Vicinity Runs From 4 to 10 Inches, but is Soft—Break-up Expected Soon—Navigation Notes Along River.

The ice in the Hudson river in this vicinity is wasting fast under the rays of the sun, and old rivermen state that if the weather continues as it is it is only a matter of days when the ice will break up. The ice still holds off Kingston Point and while very soft runs from 4 to 10 inches in thickness. The ice still holds between this port and Poughkeepsie, but below Poughkeepsie there is said to be open water.

Navigation between New York and Newburgh is now an accomplished fact and the boats of the Central Hudson line have resumed trips between the two cities. From Poughkeepsie comes the word that the Central Hudson line expects to start the steamer Poughkeepsie for Poughkeepsie today. There is little or no ice between Newburgh and New York and it is thought no difficulty will be experienced in getting through to Poughkeepsie.

Just when the Central Hudson line will try to break a passage through to Rondout is not known.

Plan to Buy Catskill Line.

The directors of the Troy Chamber of Commerce met Monday evening to discuss the river transportation situation but after the meeting it was stated that the directors had decided not to disclose what plans they had made to obtain satisfactory boat service for Troy. The directors, it is understood, named a committee to meet with a like committee from the Albany Chamber of Commerce to consider buying the boats of the Catskill Evening line for service between Troy, Albany and New York in addition to the service promised by the Hudson Navigation Company.

Ice Gorge at Castleton.

Ice gorges of considerable size have formed in the Hudson river one mile south of Castleton, a short distance above the site of the proposed pier for the Castleton bridge, as a result of movement of ice in the river which began early Monday afternoon. The river was free, according to reports, at the site of the proposed pier, but was choked up entirely a short distance above.

Scow With Runners.

From Catskill comes the report that the ice between Catskill Point and Greendale station is thinning rapidly and a day or two more of mild weather will make it unsafe for travel between these two places except by boat. Monday passengers were being transferred across the river in a scow fitted with runners, which was moved over the ice by men on either side. It is not a pleasant trip to contemplate and urgent business is the only thing that compels people to venture across a field that will soon be open water.

MUSICAL COMEDY FRIDAY.

"Furs and Frills," New York Success, at Kingston Opera House.

"Furs and Frills," an amusing musical comedy with a sharply defined story and pretty songs and dances, will be the attraction at the Kingston Opera House Friday night, with Richard Carle as the star and a company of fifty people. On its initial performance at the New York Casino, "Furs and Frills" at once established itself in public favor, and the author, Edward Clark, has admirably succeeded in fitting Mr. Carle with a comedy role which furnishes him with the fullest opportunity for the most effective work of his career.

The plot of "Furs and Frills" deals with a sable coat purchased by a wife because of the fact that it is a bargain. Her brother pawns it in order to place a racing bet. Another wife sees it and the husband of the wife No. 1 presents it to her. In order to avoid criticisms on the part of her husband, wife No. 2 pawns it and gives her husband the ticket. He gets the coat and his stenographer walks off with it. This is the groundwork on which has been erected a comedy of hearty laughs.

Latin Countries.

Latin is the language of ancient Rome, the language originally spoken in Latium, and afterward extended over all the integral parts of the Roman empire in Europe. The countries of South America are inhabited by races ethnically and linguistically related to the ancient Romans or Italians; hence they are called Latin countries.

ARETAS STILL LEADS PINOCHLE LEAGUE

The balmy spring weather is having its effect on the pinochle playing of the Odd Fellows Pinochle League and as a result Aretas Lodge has found that Kosciusko Lodge is pressing them hard and has tied them for first place in the league. The cellar position is still occupied by the Port Ewen hustlers, but leave it to Judge McKenzie to put some of this spring fever into the veins of his team and they will make the others stir themselves. For let it be known that the judge has deep hopes with his secret practice of landing his team above the cellar and onto the top floor in the league. This evening there will be some more hot games played at Kosciusko Lodge.

The standing of the league to date follows:

	Won.	Lost.
Aretas Lodge	51	48
Kosciusko Lodge	51	48
Clay Lodge	52	50
Port Ewen	47	55

VICTORY MENUS.

These menus, planned to conserve time, labor and money, and to save the foods that are scarce and use those of which there is an abundance, are Victory Menus in more senses than one. They are prepared by the Department of Home Economics of the State College of Agriculture, and issued by the New York State Food Commission.

Thursday.

Breakfast—Baked apples, rolled oats with top milk, bran muffins, coffee.

Lunch or Supper—Corn cowlard, oat bread, apple sauce.

Dinner—Mutton stew with potatoes, dumplings, dried carrots and turnips, lemon cheese pie with potato pastry.

Milk for the children to drink at each meal.

(*These dishes may be omitted and the meal still be balanced.)

We must increase our export fats to the allies but at the same time there is a real need to use our dairy products abundantly. There is no substitute which takes the place of butter in food values. Therefore, use it on the table as usual, especially for children. But use as little other fats as possible in cooking and reduce the use of fried foods. Save daily 1-3 of an ounce of animal fat other than butter and you will help meet the needs of the allies.

Lemon Cheese Pie.

1 cup cottage cheese, 2-3 cup honey or 3-4 cup corn, 1 egg yolk, 2-3 cup milk, 2 tablespoons corn starch, 1 lemon, juice and grated rind.

Heat the milk, add the sweetening and the cornstarch which have been well mixed, and cook the mixture. When it is thick, add the beaten yolk. Add the cheese, the butter and the juice and rind of the lemon. Pour the mixture into a baked crust. Cover it with meringue and brown it in a slow oven.

Potato Dumplings.

½ cup mashed potato, ½ cup flour, ¼ teaspoon salt, ¼ teaspoon baking powder, ¼ cup fat.

Sift together the dry ingredients and combine them with the potato. Cut in the fat in the usual way and roll out the pastry. This recipe makes enough for a one-crust pie.

Potato Dumplings.

2-3 cup mashed potatoes, 1 cup flour, 4 teaspoons baking powder, 1 teaspoon salt, 2 teaspoons butter, milk, about ½ cup.

Mix the ingredients and roll the dough to ¼ inch thickness. Cut the dumplings with a biscuit cutter and steam for 12 minutes.

Recipes for any of the dishes in these menus which cannot be found in cook books may be had by writing to the Department of Home Economics, State College of Agriculture, Ithaca, N. Y.

SHELLS, GRIT AND CHARCOAL

Too Many Farmers Do Not Realize Importance of Supplying Egg-Making Materials.

Too many people who raise poultry do not realize the importance of supplying their flock with an abundance of oyster shells, grit and charcoal. In order for them to keep in the best of health and produce the best results, poultry must be well supplied with them.

FOWLS TOO CLOSELY YARDED

They Have Little Opportunity to Supply Themselves With Necessary Amount of Grit.

When fowls are closely yarded, or during cold weather when the ground is frozen or covered with snow, they have little opportunity to supply themselves with any kind of grit or its substitute and are liable to become sick, due to indigestion.

BIG FRENCH SHELLS.

FOOD FOR THE BIG FRENCH GUNS.

These huge shells, for use in the "Sum, French guns, are awaiting shipment to the artillery positions on the Somme front. At the beginning of the war the big German gun, known as "Big Bertha," far exceeded the heaviest guns of the Allies. Now it is just the reverse, the French having perfected huge howitzers that have proved their superiority in many artillery duels.

Rattlesnake Skin.

The rattle of the rattlesnake is developed from the single conical scale or epidermal spine, which in most snakes forms the lateral segment of the tail. The bone on which the root of the rattle rests consists of the last caudal vertebra and is covered with a skin which is the beginning of the rattle in young rattlesnakes.

The Unicorn.

The unicorn which assists the lion in upholding the British Royal coat of arms bears the reputation of being entirely mythical. But in truth it has an actual prototype in the chiru, an antelope of western Tibet and Hindustan. By right the chiru has two horns, but it is of so pugnacious a disposition that it often loses one of them.

FIRST BOAT TO COME UP MONDAY

Central Hudson Line Expects to Open Navigation Between Rondout and New York That Day—Other River Notes.

The Central Hudson line expects to resume navigation between Rondout and New York on Monday, March 25, unless there are unforeseen weather conditions to prevent. The steamer Poughkeepsie is the boat selected to break a channel through the ice next week and when navigation is resumed she will leave New York city at 3 o'clock each Monday, Wednesday and Friday afternoons, and will leave Kingston at 11 o'clock each Tuesday, Thursday and Sunday mornings.

The Poughkeepsie was expected to break a channel through from Newburgh to Poughkeepsie today, and rivermen do not believe she will experience any trouble doing so.

Between this port and Poughkeepsie there is considerable ice which is fast but is wasting rapidly under the rays of the sun. With weather conditions remaining the same the Poughkeepsie should meet with no trouble in coming through to this port on the date fixed.

The ice in the Hudson river at Hudson Tuesday was reported as very weak and in spots is covered by water. Two persons that day and one Monday narrowly escaped drowning when they broke through in attempting to cross.

Tuesday steam was up on the ferry A. F. Beach at Catskill but no effort was made to cross in Greendale. The channel was reported open but in shore there is still heavy ice.

WAR AT
A GLANCE

By Telegram to The Freeman.
London, March 20.—German
forces tried to penetrate trenches
held by Portuguese troops during
the night, but were driven off, the
war office announced today. The at-
tack was made in the sector of
Fauquissart. In the Passchendaele
sector there were artillery duels.

Washington, March 20.—Holland's
reply to the ultimatum served by En-
gland and the United States reached
the state department today. Its con-
tents were not revealed but there was
every indication that it was unsatis-
factory and that the seizure of all
Dutch shipping lying in American
ports was really at hand after two
days of waiting by this government.

The Hague, March 20.—So acute
has become the food shortage in Ger-
many that even German soldiers at
the front are now undergoing priva-
tions. Ten ounces have been taken
off the soldiers' weekly bread ration,
instead of which they receive a small
supply of sugar extra.

CO-OPERATION
TO WIN THE WAR

America Can Win! America Must Win! America Will Win!

Russia has gone to pieces for lack of co-ordination and co-operation on the part of her people. Her opportunity to render civilization a priceless service by blocking the world dominion plans of the barbarous Hun has passed and today the enormous task devolves upon the liberty loving peoples of Western Europe and America. But most of all on the resources, the indomitable spirit and the harmonious co-ordination of the activities and energies of the American People.

The Red Cross, the Y. M. C. A. and the K. of C.

Are the chief institutions or organizations that translate "the desire to do something" on the part of the "stay at homes" into useful, helpful co-operation in the task of moulding the fighting forces into efficient and victory-bringing armies and navies.

When You Contribute to These Funds You Do Yourself a Favor

You delegate the performance of your duty to those who can most effectively perform this very important and necessary part of the work required to make our army the greatest fighting machine the world has ever seen.

THE K. OF C. CAMPAIGN IS SURELY GOING "OVER THE TOP"

It is not a fraternal movement. It is not a Catholic movement. It is fundamentally a PATRIOTIC AMERICAN CAMPAIGN. Because of the splendid spirit of co-operation on the part of all classes of citizens in Kingston the amount asked for is now more than certain of achievement. But something more is necessary to show that Kingston is a Unit when it comes to Patriotic Service.

THE NAME OF EVERY AMERICAN IN KINGSTON SHOULD BE FOUND IN THE LIST OF CONTRIBUTORS TO THIS GREAT CAUSE. THINK IT OVER. SEND YOUR CONTRIBUTION TODAY.

Y. M. C. A. INDIANS
BEGIN CAMPAIGN

The fleet footed tribes of Apaches and Cherokees began their ten day stretch today toward the goal to be reached by Saturday night, March 30. These two tribes are members of the Boys' Division of the Y. M. C. A. who are to secure spoil in the nature of old rubber to be brought in and sold, the proceeds going toward a new pocket billiard table for the game room to take the place of the much worn and dilapidated one now in use. The membership has been divided into two tribes known as the Cherokees and Apaches, the members of each tribe being known as warriors. Big Chief Merwin Garrison has been selected to lead the Cherokees and has appointed ten Braves to assist him in boosting and cheering his red skins. Big Chief Frank Strobel in council has sent out ten Braves to help the Apaches in their long stretch of bringing in the spoil. Each day the spoil will be brought in and weighed and a record kept of each one participating. The Indian bringing in the largest amount of rubber at the end of the contest will receive a prize well worth his efforts. Each one of the winning tribe who has brought in at least 20 pounds will sit down to a pancake supper Wednesday, April 3. Each one on the losing side who brings in at least 40 pounds will also sit down in peace with their opposing tribe. Anything in the line of rubber is acceptable. Friends and neighbors of the boys are asked to give worn out rubber goods to them. Phone calls to the Boys' Department of the Association will bring a fleet foot warrior to the house. SOCIETY NOTES.

Smith-Wiggins.

Ira Wiggins of this city and Isaac M. Smith of Mt. Marion were married Tuesday in this city by the Rev. Putnam Cady, D. D.

Benson-Quick.

Miss Naomi Quick and Roy Benson were quietly married at the M. E. parsonage in Highland Saturday evening, March 16, by the Rev. J. C. Coddington. Both young people are well known in Highland and have many friends who wish them much happiness.

Noble Thoughts and Poems.
When you have thought something fine and beautiful, go a little further and put it into fine action. Noble thoughts which do not inspire to noble living are the most hopeless of shams. And the noblest poems are not those which are written, but those which are lived.

Why "Drug Store?"

Why do they call the modern institution a drug store? Merely because it doesn't carry a line of shoes, sidemeat and harness.—Houston Post.

NOTHING BUT SHEER WISDOM

Possibly Aunt's Idea in Burning Chicken Feathers Was to Destroy Circumstantial Evidence.

The dainty and winsome mistress of a Kentucky planter, recently graduated from a fashionable northern seminary, was devoting the morning of the first day of her return to the old homestead, renewing acquaintance with her father's dark retainers "down among the quarters." As she entered one of the cabins she saw old Aunt Martha, born in slavery during the life of the young lady's grandfather, bending over a broad log fire, carefully burning, piece by piece, a bunch of chicken feathers.

"Aunt Martha," inquired the young lady, after watching the work of the ex-slave a few moments in silence, "why do you burn those feathers so carefully and systematically? Is it because of some religious idea or a superstition?"

"No Missus Lncy," came the answer from the deliberate old woman, as she watched the last telltale feather crumple into nothing. "Tain't no 'ligion an' tain't nuffin t' do wid no seepstishums. It's wisdom. Jes plain, out-an'-out, wisdom."

Clever Fox Sparrow.

The fox sparrow prides himself, doubtless, because he is bigger than most of his American brothers. He is only a bit of a bird, at that, but soon sparrow, white-throat, grass finch and a dozen or so of the others doubtless look on their fox-coated relative's additional inch as an ail, with something thrown in for good measure. The junco, the little slate-colored snowbird, a sparrow after his kind also, frequently accompanies the fox sparrow on his travels. There is a suspicion which is hard to lose that the fox sparrow jaunts along with the junco solely to make his own song secure among the acknowledged melodies, for the junco, while an insistent performer, pipes an attenuated tune.

Hard for Them.

Probably it is pretty hard for the young men to look wise in a country where shell-rimmed spectacles have been introduced.—Dallas News.

Daily Thought.

Hope and Youth are children of one mother.—Shelley.

NEW PARISH FOR
FATHER PRUNTY

The Rev. William S. Prunty leaves Milton this week for Harrison-on-the-Sound, to begin his new duties as rector of the parish of St. Gregory the Great, to which he has been recently promoted by Cardinal Farley. He succeeds Father Carey, retired chaplain of the United States army, who has been recalled by the war department for war service. During his term considerable improvements have been made to the church properties of Milton and Highland, and, after paying all debts, there is still a substantial sum in the parish treasury. But his chief activities were given to the Christian education of the children, with a special care of those of Italian parentage. For this purpose he brought the Missionary Sisters of the Sacred Heart to Milton, and, in addition, opened a Christian doctrine class for Italians, who live at a distance, and who can rarely attend mass. His ability to speak fluently the Italian and German languages has been very useful in dealing with his mixed congregation.

Harrison is one of New York's choicest suburbs, and the rectory and church are located in the most beautiful part of the residential district. The respect and good wishes of all who have known Father Prunty, irrespective of race or creed, go with him to his new field.

Aliens Must Notify Chief

A German alien enemy changing his place of residence to another place within the same registration district should report such change in address promptly to Chief Wood at the city hall. In case he removes from the city he must first obtain permission from the chief of police. These are the rulings of the war department and must be obeyed by all German alien enemies.

Playlet to be Repeated.

"Look Out For Paint," the playlet local valet last Friday evening at St. James' M. E. Church, will be repeated Friday evening, March 22, at School No. 6, the proceeds to be donated to charity.

BROKE INTO ARCADE AT KINGSTON POINT

William Bradley and Willis Krumick, Two Ponchockie Boys, Arrested—Alleged They Wrecked Machines in Penny Arcade.

William Bradley and Willis Krumick, two youthful Ponchockie boys, were arrested Tuesday evening by Sergeant Hanley and Officer Kuehn on a charge of burglary in the third degree in breaking into the Penny Arcade at Kingston Point Park and wrecking the machines, causing damage estimated to amount to about \$1,000. This morning the hearing was adjourned to Monday morning and the boys placed under \$500 bail for their appearance in court that day.

The robbery was reported to police headquarters Tuesday about noon and Sergeant Hanley got busy and made an investigation. He found that entrance to the Arcade had been made by breaking the lock on one of the doors. Inside the Arcade it looked as though a cyclone had struck in. All of the machines had been ripped apart.

Sergeant Hanley's investigation led to the arrest of the two boys, who are 15 years old. An electric fan valued at \$15 which the boys are alleged to have tried to sell for 75 cents was recovered as well as two electric motors. The entire value of the articles recovered amounted to \$45.

The Penny Arcade is leased by Louis Kamp of Beacon, who was notified and was expected to arrive in Kingston later in the day.

This morning General Manager G. Burton Tebow of the Kingston Consolidated Railroad Company, lodged a complaint against the two boys.

Mr. Tebow said that in the past considerable damage had been done at Kingston Point Park by boys, but this was the first that damage on such an extensive scale had been committed. It is understood that the charge against the two boys will be pressed.

When the boys were arraigned in police court before Acting Judge Shufeldt, in behalf of the boys, the court entered a technical plea of not guilty so that the rights of the boys would be preserved and advised them to secure legal advice between now and Monday morning, to which time he adjourned the case, placing the bail bond at \$500 each. In default of bail the boys will be committed to jail.

K. H. S. DEFEATED AT LIBERTY

The Kingston high school varsity basketball team was defeated at Liberty by the Liberty high school varsity team with a score of 21 to 18.

The game was very exciting as is shown by the score and the fact that Martin, Kingston's left forward, was knocked out in the first five minutes of the game and had to be taken from the floor. His place was taken by Smith.

The Kingston team was handicapped by the absence of Wester and the loss of Martin. The boys nevertheless played their best with Johnson, their star, as leader, and Liberty gained her victory with the hardest fighting she has done this season. The lineups are as follows:

Minstrel Show at K. H. S.

There are so many demands for money today that one is harassed almost to his wits end. The Athletic Association realizes this and so consequently it is going to give a minstrel show on Friday of this week in the auditorium of the high school in order to raise money for its nearly empty purse by giving the people something for their money. The minstrel shows which have been given at the high school during the past few years have been the best of advertisements for their patrons, but people who never saw them do not know of what character these shows are. It is for these people that this article is written. This minstrel show is going to be a real concert. The boys who have been chosen to sing are only such boys as are especially talented to sing the songs to be sung. They are under faculty supervision, and the jokes are only such as deserve the heartiest laugh of the most somber or most dignified Kingstonian or American. So "Just Pack Up Your Troubles in Your Old Kit Bag" and come see the A. A. minstrels. You will never regret the time or money spent. There will be dancing in the gymnasium for which extra admission will be charged.

Kind Thoughts as Tonic.

When you find yourself ready to put the worst construction on the acts of others, when it is easier to believe that an acquaintance passed you without speaking because she wished to cut you, than it is to assume that she failed to see you, it is high time to take yourself in hand. Suspicious people need the tonic of kind thoughts and generous judgment.

Touching on Courtship.

Touching courtship in other days several Romances contribute to column levity of the hour. One asks: "Remember the time you had her out buggy riding and she asked you if you liked buckwheat or corn cakes best, and you asked her why she wanted to know, and she stuttered, 'B-c-a-u-s-e,' and you both giggled, eh?"—Pittsburgh Post.

WOMEN PLAN TO PUT EVERY PERSON TO TEST

The "Follow Up Committee" will be one of the important features of the work of the Woman's Liberty Loan Committee in Niagara Falls during the coming campaign, according to a statement by Mrs. I. R. Edmunds, chairman of the Niagara Falls Woman's Committee, who was in New York recently to confer with Mrs. John T. Pratt, chairman of the Second Federal Reserve District. During the last loan her committee raised two-thirds of the individual subscriptions in that city, but Mrs. Edmunds feels they could have done far better if there had been some way of checking up the people who avoided buying bonds by saying they had bought them elsewhere.

"During this campaign the name and address of each one of these persons will be taken by the canvasser and turned over to the 'Follow Up Committee,' which will investigate each case," she said. "A special effort will then be made to get subscriptions from those who merely gave such an answer as an excuse, for we feel that it is just such persons as these who should be made to buy bonds."

Mrs. Edmunds said the women of Niagara were interested keenly in the coming campaign and anxious to commence work. During the last campaign they showed great enthusiasm. There was a keen rivalry among the leaders of the various districts and women who had never been known to exert themselves for any cause before devoted all their time and energy towards making the loan a success.

THE KITCHEN CABINET

Be always displeased with what thou art, if thou desire to attain to what thou art not; for where thou hast pleased thyself, there thou art least—Quarles.

SIMPLE ECONOMICAL DISHES.

The housewife of today uses the strictest economy with conservation of resources, without lowering the food value of her menus.

Buckwheat Gems.—Beat a half cupful of sugar with one egg, add three tablespoonfuls of melted fat, add alternately one cupful of milk and a cupful of buckwheat flour, then beat in half a cupful of wheat flour, 1 1/2 teaspoonfuls of baking powder, and a half teaspoonful of salt. Bake in gem pans and serve with honey.

Banana Sour Ice Cream.—Dissolve one cupful of sugar in the juice of two lemons, then add 1 1/2 cupfuls of sour cream and three bananas put through a ricer. Freeze.

Simple Pudding.—Reserve a third of a quart of milk and scald the remaining two-thirds, add a half teaspoonful of salt, and mix with six tablespoonfuls of flour mixed with the third of a quart, when smooth add to the remainder and cook until thick and smooth. Remove from the heat and stir in two well-beaten eggs. Flavor to suit the taste. Put a small portion of a cupful of sugar into a deep dish, pour in the pudding and spread the rest of the sugar over it. Cover the dish and set away where the pudding will cool slowly. These last directions are the most important.

Steamed Date Pudding.—Beat one egg, add two teaspoonfuls of butter, one-half a cupful of flour, one-half a cupful of sugar and one-half a teaspoonful of baking powder, two tablespoonfuls of milk and a cupful of chopped dates. If this pudding is steamed in four cups it will take 25 minutes, if in one dish, allow 45 minutes to an hour. Serve with cream.

A New Sandwich Filling.—A cupful of finely minced cabbage salad which contained a bit of onion and green pepper chopped and dressed with mayonnaise was a leftover. Bread was buttered and on it was placed thin slices of cheese, then a spoonful of the salad, topping another slice of buttered bread. The combination was especially pleasing.

Add a little sugar to both corn and peas, canned or fresh; it will improve the flavor.
